Warrant for Town Meeting

(L. S.) STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Enfield, qualified to vote in Town affairs:

You are hereby notified to meet in Whitney Hall in said town of Enfield, on the thirteenth day of March next, at nine o'clock in the forenoon to act on the following subjects:

Article 1. To choose by ballot, to serve for three years, one selectman, one Trustee of Trust Funds, and one Library Trustee; to serve for one year, one Treasurer, one Clerk, one Tax Collector, one Highway Agent, one Overseer of the Poor, one Police Chief, one Cemetery Agent, one Fire Ward, and two Auditors, and such other necessary town officers, required by law to be chosen for the ensuing year.

Polls will open at 9:30 a.m. and not close before 6:00 p.m.

Article 2. To see if the Town will vote to authorize the Selectmen to borrow money in anticpation of taxes, the sums so borrowed to be paid before the end of the fiscal year in which the debt was incurred.

Article 3. To authorize the sale or lease of any or all, of such parcels of real estate acquired by the Town through Tax Collector's deeds for non-payment of taxes, and to authorize the Board of Selectmen to execute and deliver, in the name of the Town, suitable deeds or leases of such real estate subject to such conditions or restrictions, as may be voted by the meeting.

Article 4. To see if the Town will vote to raise the sum of $2,766.00 for State Aid Construction, to receive the sum of $5,532.00 from the State; or act thereon.

Article 5. To see if the Town will vote to raise the sum of $857.34 for Town Road Aid, to receive the sum of $3,429.35 from the State, or act thereon.

Article 6. To see if the Town will raise the sum of $400.00, as requested by the State Forestry Department, to be used for the eradication of Blister Rust.

Article 7. To see if the Town will raise or appropriate the sum of $100.00 as its contribution to the Dartmouth-Lake Sunapee Region Association, or act thereon.

Article 8. To see if the Town will raise or appropriate, $300.00 for the purchase of an alarm system; $300.00 for the purchase of a truck; $100.00 for the purchase of Indian pumps: The preceding mentioned equipment to be loaned by the town for use by the Enfield Center Volunteer Fire Department.

Article 9. To see if the Town will vote to establish the rate of pay of Firemen at $1.50 per hour, while on active duty: or act thereon.

Article 10. To see what sum of money the Town will raise for Civil Defense purposes; The sum so raised to be spent under the direction of the Selectmen.

Article 11. To see if the Town will vote to adopt the Budget and raise or appropriate the various sums recommended and posted by the Budget Committee, or act thereon.

Article 12. To see if the Town will adopt the following resolution:

WHEREAS the State Department of Public Works and Highways has been active in obtaining Federal Highway funds for eligible town bridges in various communities with substantial economies to the communities concerned in the replacement of bridges for which they were responsible:

RESOLVED that the Selectmen of Enfield be directed to confer with the Commissioner of Public Works and Highways, State of New Hampshire, and arrange for initiation of the necessary preliminary steps towards replacing the covered bridge in Enfield at a minimum of expense to the town by a bridge which will be accepted and maintained by the State and report action taken at the next yearly town meeting.

Article 13. To see if the Town will vote, that,—If the purposes or objects, hereinafter designated for which appropriations for the year 1951, may have been made; have not been fully accomplished during the fiscal year; then the funds so appropriated or unexpended on the unfinished portion of said object, shall be placed in a Capital Reserve Fund, dedicated to the object of its conception, until such time as the Board of Selecmen, acting as agents for the town, shall have the opportunity or occasion for the fulfillment or completion of or for the purpose or object, for which said appropriation was created.

The especially designated purposes for the fiscal year ending December 31, 1951, are as follows:

The net earnings of the "Town Truck" derived from Highway appropriations, for replacement purposes.

Funds for purchase of Fire Department equipment.

Funds for Civil Defense purposes.

Also such other appropriations as the meeting may direct.

Article 13-A. To ballot on the following question: "Shall the provision of chapter 171-A of the Revised Laws relative to playing games of beano be adopted in this town?"

Article 14. To hear the reports of Agents, Auditors, officers or

committees heretofore chosen, and pass any vote relating thereto. Article 15. To take any vote or transact any further business that may legally come before said meeting.

Given under our hands and seal this 23rd day of February, A.D. 1951.

ARTHUR H. ROCK,
EUGENE H. KING,
ISAAC H. SANBORN,
Selectmen of Enfield.

A true copy of Warrant—Attest:

ANNUAL REPORT OF THE LIBRARIAN

Although the amount spent for books this year is larger than that spent in 1949, the number of books added (approximately 392) is less because of the increased costs in book purchases. No binding has been done this year but at least $75 will have to be budgeted for binding in 1951. Even this amount is smaller than it would normally have been because of a gift from Mrs. Louise H. Pray to pay for rebinding a set which is being greatly usel in the preparation of the prospective Enfield Town History. Circulation for the year is slightly under 5000 but the decrease there is probably entirely due to the fact that the book station at Enfield Center was not operating this year. Mrs. Harold Goodwin of Maynard, Mass., has again presented the library with an addition to its doll collection, this time a very attractive Dutch doll. Gifts from others interested in the growth of this collection would be much appreciated. The library has also received many gifts of fine books, both fiction and non-fiction, the latter including a number of real value to the reference collection. The State Bookmobile is again in operation this year and the extra books and materials available from this source are most valuable. The historical collection continues to grow but there are still gaps in the back files of the Advocates and in the very early Town reports. Any one able to contribute to this collection should do so in order that our written history may be as complete as possible. Book Week was celebrated as usual with a library tea for our teachers and a large exhibit of new books. It is planned to Mimeograph and distribute at the library this year, short classified lists of new additions to the library, particularly in the fields of the arts and crafts. In view of the sharp rise in the cost of living, taxes, etc., our townspeople should remember that they are supporting a Free Public Library in which is a good collection of popular, up-to-datte fiction as well as biography, travel, arts and crafts and many other subjects, all of

which is available to each and every one in town at no cost. Also, in addition to the local collection, it is always possible to borrow special books needed from either Dartmouth College or our State Library. The more use you make of your library this coming year—the greater value you will receive from the funds spent on it. Our schools already make excellent use of the library facilities but adult use is not as much as it should be. The librarian is always glad to receive suggestions regarding additions of new books, more convenient hours, or new services at any time.

Respectfully submitted,

NELLIE L. PIERCE,

Librarian.

Trustees: B. Wayne Campbell
Mary C. Hewitt
Gertrude B. Stewart

Forest Fires—Our Most Shameful Waste

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and

near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forest provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them It is worth YOUR effort and can be acomplished by:

1. Being careful with fire in or near woodland, being particullarly careful with matches and cigaretts.
2. Securing the required **written permit** from the warden when the ground is not covered with snow.
3. InIsistting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number oof forest fires and eliminate our most shameful wastet

CLARENCE ARNOLD,
Forest Fire Warden

JAMES Q. RICARD,
District Fire Chief

WHITE PINE BLISTER RUST CONTROL

REPORT OF HEALTH OFFICER

We had only four cases of contagious diseases reported in the year 1950

The public supply of water is tested periodically. These tests have all been very good for the year.

The cooperation which I have received from the townspeople in keeping the town dump in good condition has been excellent. Let us continue to do the same in 1951. Please do not make the town dump an unsightly place.

Respectfully submitted,

RUFUS J. BRUCE,

Health Officer

Report of Highway Agent

for the

TOWN OF ENFIELD

for the

ANNUAL REPORT

of the

ENFIELD SCHOOL DISTRICT

Enfield, N. H., 1950

The School Board of the School District of Enfield is continuing the policy of presenting to the School District each year the financial report of the receipts and expenditures of the department and an estimated budget for the operation of the school for the succeeding year. These documents, together with the report of the Superintendent of Schools, constitute the School Report to the Enfield School District.

SCHOOL MEETING WARRANT

STATE OF NEW HAMPSHIRE

Grafton, SS. School District of Enfield

To the inhabitants of the School District of Enfield qualified to vote in District Affairs:

You are hereby notified to meet at Whitney Hall in Enfield on the twelfth day of March, 1951, at eight o'clock in the evening to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To hear the reports of Agents, Auditors, Officers or Committees heretofore chosen and pass any vote relating thereto.

Article 6. To choose Agents, Auditors, or Committees necessary for managing District Affairs.

Article 7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 8. To see if the School District will vote to raise and make an additional appropriation for the current school year 1950-51 of $650.00 to compensate for an increase in retirement costs and a reduction in tuition receipts. This appropriation to be made available immediately for the use of the school board.

Article 9. To see if the School District will vote to raise and appropriate the sum of $1,500.00 so that the minimums and maximums of the Teachers' salary schedule can be changed to $2,300.00 and $3,300.00 respectively and so that each teacher, the principal and the janitor may be granted an additional $100.00 in salary for 1951-52 over and above the increments called for in the old salary schedule.

Article 10. To transact any other business that may legally come before this meeting.

Given under our hand at said Enfield, N. H., this day of February, 1951.

ANNUAL REPORT OF THE SUPERINTENDENT

To the School Board and Citizens of Enfield:

I hereby submit my third annual report as your Superintendent of schools.

As events slowly move us towards the apparent possibility of world-wide conflict, we are attempting to provide the children with a calm and peaceful environment and at the same time prepare them for total mobilization. These appear to be divergent aims, but we are accomplishing them with a reasonable degree of success. The regular program of the pupils proceeds with very little change and no undue emphasis is placed upon the war news. At the same time we are instituting a war saving stamp program similar to the one in existence during the World War II (Enfield has done the best work in this field of any town in this Supervisory Union). There is an increased emphasis upon health, physical education and general physical well being. At the request of the State Board of Education and Civilian Defense, all teachers are being trained in First Aid. Later, all pupils will be given First Aid Training commensurate with their ability to understand it. Next fall we will probably introduce some curriculum changes at the high school so that the pupils will be better prepared to enter the Armed Services. It is my personal opinion that, under existing circumstances, our children should be provided with a school environment which is happy and enjoyable so that they can lead a reasonably normal existence for the few remaining years that it will be possible for them to do so. Yet, at the same time, we cannot entirely ignore the consideration of facts dealing with what is actually going on in the world today.

Teachers and Teaching

I am both amazed and tremendously pleased about the greatly improved spirit and attitude which is evident this year among both the pupils and teachers. The school operates smoothly and everyone seems to enter cooperatively into a solution of whatever problems exist.

We are always attempting to diagnose difficulties and improve the program. All the principals of the Supervisory Union have expressed concern over the work being done in the 7th and 8th grades. To improve this situation several meetings have been held, one of which was with two specialists from the State Board of Education. We hope to find solutions which will lead to a better transition from the work of the first six grades to that of high school. We have also been concerning ourselves with the elementary programs in reading and arithmetic.

There is still a lot of retardation in Enfield, that is, pupils who are held back one or more grades because they are unable to cope with the work in their proper grade. In addition we have several pupils who find it difficult to keep up with the grade in which they are placed. There may be, and undoubtedly are. several reasons for this, but one such reason is the large number of pupils in certain classrooms. The larger the class, the less time the teacher has for each individual pupil. In an attempt to overcome this problem a capable remedial reading teacher was placed on full time work in this field starting with September, 1950. Many pupils have shown improvement under her guidance.

A simple but efficient system of keeping guidance information was placed in use this year. Although we have no trained specialist to work in this area, the teachers have all had some rudimentary instruction in carrying out guidance activities. We are now giving intelligence tests and achievement tests in several of the grades. These, along with the other information which is accumulating about each pupil, should permit us to more easily meet the school needs of all pupils.

The extreme teacher shortage which has been evident in the past few years will probably be exaggerated this next year because qualified teachers will be drawn into war work and the draft. Several of our teachers are veterans and no one knows at this time just what their status will be. Certainly every reasonable effort should be expended to retain all the capable teachers now on our staff.

For several years I have attempted to have money for a part time secretary for the Enfield schools placed in the budget but it has always been deleted as an act of economy. The few girls taking secretarial practice are already doing all the special work which time will allow. There is need of another person who will take care of private correspondence, confidential records and additional work which cannot be done under present circumstances. Such a person would be of assistance not only to the principal but also to the teachers.

Repairs and Building Improvements

The hot lunch program has been expanded and revised this year. It is now in operation for nearly the full year instead of only a few months, and it has been changed from a B to an A program, meaning that the children now receive a full meal. Because of the increased price of food and the reduction in reimbursement from the Federal Government, it is very doubtful if we can continue the present low price for meals another year. The hot lunch room itself has been improved by the addition of

a new sink, hot water, and a second cooking stove. Due to the fact that many more pupils are now being served a hot lunch, extra tables have been set up in the lower hallway. The usefulness of these tables and counters has been greatly improved by the installation of linoleum tops which were supplied free of charge by the kindness of Mr. Ted Lovering.

During the summer the lower stairs and landing were completely rebuilt. When the contractor tore down the old stairs, he found the underpinning rotted and in a dangerous condition. The remaining stairs and landings, and several classroom floors are badly worn and should be replaced as soon as possible. A beginning was made on the improvement of the playing field at the rear of the school building. Much more work needs to be done in this area, the major portion of which will be the installation of a drain to take off the excess water that now makes a lot of this plot a swamp.

One of our biggest problems is the search for more space in which teaching can function. As you know, we have renovated and made quite presentable, a major part of the basement area. There still is a fair-sized room in the northeast corner of the basement which could be used for instructional purposes if another place could be found to store the coal. The possibility of building an outside storage bin near the stoker was investigated and found to be too expensive. If the two old furnaces could be removed from the basement the area thus freed, plus this bin in back of the stoker, would probably be adequate to store a winter's supply of coal. The question of installing an oil burner was considered but finally rejected because of the apparent economy of the present system.

Many of the old desks and chairs are in a bad state of repair and should be replaced with modern equipment as soon as funds are available. This would also allow the teachers to do more effective teaching.

Financial

Under the formula (which can hardly be called such) by which State Aid has been computed for the past two years, Enfield has received almost no income from the state. A new method of distribution plus additional funds is being considered by the General Court. Whatever plan is eventually adopted, Enfield should receive an increased allotment from State Aid.

The present plan, if adopted, would grant Enfield the following amounts.

Foundation Program—

262 Elementary pupils at $175.00	$45,850.00
77 High school pupils at $225.00	17,325.00
Total foundation program	$63,175.00

Local fair share $2,517,957.00 (equalized valuation) x $18.00 per thousand—$45,323.23. Foundation Aid, $63,175.00 less $45,323.23 leaves $17,851.77.

However, in 1949-50 Enfield spent only $55,133.55 for schools. Therefore, their actual Foundation Aid would be $55,133.55 less $45,323.23, leaving $9,810.32.

These figures are based on a total of about $1,400,000.00 for State Aid. It looks, at this time, as though the most which would be granted would be $1,000,000.00. Furthermore, new equalized valuation figures will be used. Thus the eventual amount granted may well be less than the figure of $9,810.32 computed above.

The permissable legal rate for high school tuition as established by the State Board of Education is now $252.04. Because of this and our own rising costs, the Enfield School Board raised the high school tuition rate to $250.00 for 1951-52.

General

I take great pleasure in announcing that there has been a great improvement in both attendance and tardiness since last September. In fact, the Enfield schools now maintain the best attendance and tardiness record of any schools in this Supervisory Union. This may seem like a small matter; but actually if pupils learn and practice such precepts as promptness and regularity, they will be better prepared to meet the problems of life when they graduate.

The program of visual instruction is rapidly expanding. This includes work with motion pictures, strip film, maps, charts, globes and diagrams. There has been a marked increase in the intelligent and planned use of the various pieces of equipment which we now have. Thanks to the P-T A we now have added to our equipment a modern and improved projector. Through funds accumulated by the elementary teachers, they were able to add a special attachment to the projector which will aid directly in the teaching of reading.

I am pleased with the present operation of the Enfield school and hope it continues that way. This does not mean that we are complacent or that we cannot recognize areas which need improvement. It is our attempt to produce schools which are

always a little bit better than they were before. In this respect, I honestly believe we are succeeding. However, none of this improvement is possible without the complete cooperation of all concerned—parents, townspeople, P-TA, school board, teachers, janitors and pupils. We have had this cooperation for which I am sincerely thankful.

Respectfully submitted,

HOWARD F. MASON,

Superintendent of Schools
